

# Thule WaterSlide

## Vehicle Protection Mat / Water sport accessory

A technical mat that protects your vehicle while loading and unloading your Kayak/Canoe.

- Protects vehicle finish and kayak hull while loading and unloading.
- Top 'glide' layer is durable, non-fading and resistant to the sun.
- Bottom 'set' layer stays put without sticking to the paint.
- Will not soak through or allow sand or dirt to penetrate through to the vehicle surface.
- Pad dries quickly and sheds debris with a simple shake.
- Integrated, non-scratching straps anchor pad to load bar and secure rolled pad for storage when not in use.
